## 2. PRESENTATION

### A) Youth Citizenship Awards

Presenter: His Worship, Mayor Derek R. Corrigan

His Worship, Mayor Derek R. Corrigan made the following presentations:

"22 years ago, youth across the Lower Mainland asked why there wasn't a day to celebrate the achievements and contributions of young people. They then asked why not a week instead of just a day. This simple idea is where it all began.

Youth Week is now an international celebration. Here in British Columbia, Youth Week takes place during the first week of May and is a fun filled week of interaction and celebration intended to build a strong connection between young people and their communities and to profile the issues, accomplishments and diversity of youth.

Wherever Youth Week is celebrated, the idea behind it is the same: young people are important and need to be recognized in a constructive and positive manner. Their contributions need to be acknowledged and celebrated.

Today, we have a diverse group of young people here who volunteer in many different areas and capacities in their community.

There are those who sit on clubs and committees in their schools; such as Student Government and Model UN groups. Some focus their energies on specific causes; such as youth leadership training, environmental initiatives, mental health issues, and global issues.

There are representatives from Youth Voice Committee, United Way, Leukemia and Lymphoma Society of Canada, Social Diversity Children's Organization, and Hope International Agency.

What is common between all of these nominees is that they care about their city and community, and they want to be actively involved in making a difference. With this impressive group of young people in attendance this evening, I am excited to see what our adults of tomorrow will do next.

The Burnaby Youth Voice Committee has created citizenship awards to recognize young people in Burnaby who have volunteered their time, skills, and made a difference in our community. I would like to take the time to recognize the following youth who have been nominated for a citizenship award:

***Raez Aziz, Jasper Chan, Angelina Ge, Ali Husain, Ty Klim, Amanda Lee, Alyssa McLean, Emma Mcspadden, Hyun Na, John Saah, Shania Shakar, Chaewan Song, Melanie Tong, David Vallejara, Terry Zhang***

The next five youth have been selected as the winners of this year's citizenship awards and will be presented with a \$100 bursary. They have gone above and

beyond to make a difference in Burnaby while maintaining their personal, academic, and extracurricular activities.

Please join me in appreciation and recognition of:

***Diana Charlie-Iraheta, Puloma Kaushal, Kavi Shandramohan, Sonya Sran, Molly Yang***

This year's Burnaby Youth Week logo contest winner is ***Janelle Mascardo***. She is a student at Edmonds Community School, and participates at Edmonds Community Centre's Preteen Drop-in program.

At the Youth Week Block Party on 2016 April 30<sup>th</sup>, she will be presented with a sweatshirt with her winning logo design on it. In addition, she receives a \$50 cheque.

Thank you to everyone for coming out tonight and your ongoing efforts in the community."

**12. REZONING REFERENCE #15-30  
HIGH RISE APARTMENT TOWER  
WITH STREET-ORIENTED TOWNHOUSES  
BRENTWOOD TOWN CENTRE PLAN**

The Acting City Manager submitted a report from the Director Planning and Building seeking Council authorization to forward this application to a Public Hearing on 2016 May 31. The purpose of the proposed zoning bylaw amendment is to permit construction of a 23-storey residential apartment building with ground oriented townhouses and underground and above grade structured parking.

The Acting City Manager recommended:

1. THAT a Rezoning Bylaw be prepared and advanced to First Reading on 2016 May 09 and to a Public Hearing on 2016 May 31 at 7:00 p.m.

3. THAT the following be established as prerequisites to the completion of the rezoning:
- a) The submission of a suitable plan of development.
  - b) The deposit of sufficient monies, including a 4% Engineering Inspection Fee, to cover the costs of all services necessary to serve the site and the completion of a servicing agreement covering all requisite services. All services are to be designed to City standards and constructed in accordance with the Engineering Design. One of the conditions for the release of occupancy permits will be the completion of all requisite services.
  - c) The installation of all electrical, telephone and cable servicing, and all other wiring underground throughout the development, and to the point of connection to the existing service where sufficient facilities are available to serve the development.
  - d) The submission of an Undertaking to remove all improvements prior to Final Adoption of the Bylaw, but not prior to Third Reading of the Bylaw. Demolition of any improvements will be permitted after Second Reading of the Rezoning Bylaw has been granted provided that the applicant acknowledges that such permission does not fetter Council's ability to grant or not to grant Third Reading and/or Final Adoption of the Rezoning Bylaw. In addition, the demolition of any improvements will be permitted at any time if they are vacant and considered by staff to be subject to misuse and vandalism. If requested, demolition may be delayed to more closely coincide with approval of building permits.
  - e) The utilization of an amenity bonus through the provision of a cash in-lieu contribution in accordance with Section 3.4 of this report.
  - f) The granting of any necessary Covenants, including, but not necessarily limited to, Section 219 Covenants:
    - restricting enclosure of balconies;
    - guaranteeing the provision and maintenance of public art;
    - indicating that project surface driveway accesses will not be restricted by gates;
    - guaranteeing the continued operation and maintenance of stormwater management facilities;
    - ensuring the site can be used safely in accordance with the approved geotechnical report;
    - ensuring that the project does not draw down the water table;
    - providing that all disabled parking to remain as common property; and,

- ensuring compliance with the submitted acoustical analysis.
- g) The execution of an indemnity agreement by the developer saving the City harmless from all liability associated with this development in relation to its geotechnical and hydrological (including any potential contaminated groundwater) impacts to surrounding infrastructure and other nearby development.
- h) The approval of the Ministry of Transportation to the rezoning application.
- i) The design and provision of units adaptable to persons with disabilities with allocated handicap parking spaces protected by a Section 219 Covenant.
- j) The undergrounding of existing overhead wiring abutting the site.
- k) Compliance with the Council-adopted sound criteria.
- l) Submission of a Site Profile and resolution of any arising requirements.
- m) The provision of covered car wash stalls and adequately sized and appropriately located garbage handling and recycling material holding space and a commitment to implement the recycling provisions.
- n) The submission of a suitable Solid Waste and Recycling Plan to the approval of the Director Engineering.
- o) The review of on-site residential loading facilities by the Director Engineering.
- p) The provision of facilities for cyclists in accordance with this report.
- q) The review of a detailed Sediment Control System by the Director Engineering.
- r) Compliance with the guidelines for underground parking for visitors.
- s) The submission of a suitable on-site stormwater management system to the approval of the Director Engineering, the deposit of sufficient monies for its provision, and the granting of a Section 219 Covenant to guarantee its provision and continuing operation.
- t) The deposit of the applicable Parkland Acquisition Charge.
- u) The deposit of the applicable GVS & DD Sewerage Charge.
- v) The deposit of the applicable School Site Acquisition Charge.

- w) The submission of a written undertaking to distribute area plan notification forms, prepared by the City, with disclosure statements; and, to post area plan notification signs, also prepared by the City, on the development site and in the sales office in prominent and visible locations prior to Third Reading, or at the time marketing for the subject development commences, whichever is first, and remain posted for a period of one year, or until such time that all units are sold, whichever is greater.

All services are to be designed to City standards and constructed in accordance with the Engineering Design. One of the conditions for the release of occupancy permits will be the completion of all requisite services.
- c) The installation of all electrical, telephone and cable servicing, and all other wiring underground throughout the development, as well as underground switching and transformer/service boxes, and to the point of connection to the existing service where sufficient facilities are available to serve the development.
- d) Demolition of any improvements will be permitted after Second Reading of the Rezoning Bylaw has been granted provided that the applicant acknowledges that such permission does not fetter Council's ability to grant or not to grant Third Reading and/or Final Adoption of the Rezoning Bylaw. In addition, the demolition of any improvements will be permitted at any time if they are vacant and considered by staff to be subject to misuse and vandalism.
- e) The utilization of an amenity bonus in accordance with Section 3.4 of this report.
- f) The consolidation and re-subdivision of the net project site into two legal parcels.
- g) The granting of any necessary covenants, easements or statutory rights-of-way, including but not necessary limited to:
  - Section 219 Covenant restricting enclosure of balconies;
  - Section 219 Covenant indicating that project surface driveway access will not be restricted by gates;
  - Section 219 Covenant guaranteeing the provision and maintenance of public art;
  - Section 219 Covenant ensuring that the density of development of air space parcels and strata lots comply with the approved CD zoning for the site and to ensure that the overall site continues to function as a single, integrated development;
  - Section 219 Covenant ensuring that proposed rental housing is held in common ownership;
  - Section 219 Covenant ensuring that handicap accessible parking stalls in the underground residential parking areas be

- held in common property to be administered by the Strata Corporation;
  - Section 219 Covenant ensuring compliance with the approved acoustic study;
  - Section 219 Covenant ensuring the provision and ongoing maintenance of EV cars and EV plug-in stations;
  - Section 219 Covenant restricting the use of guest rooms;
  - Statutory Right-of-way for public pedestrian/cycling access along Sussex Avenue, Grange Street and McMurray Avenue; and,
  - Easement providing reciprocal access to parking facilities.
- h) The review of a detailed Sediment Control System by the Director Engineering.
- i) The submission of a suitable on-site stormwater management system to the approval of the Director Engineering, the deposit of sufficient monies for its provision, and the granting of a Section 219 Covenant to guarantee its provision and continuing operation.
- j) The submission of a suitable Solid Waste and Recycling plan to the approval of the Director Engineering.
- k) The design and provision of units adaptable to persons with disabilities with the provision of customized hardware and cabinet work being subject to the sale/lease of the unit to a disabled person.
- l) The provision of covered car wash stalls and an adequately sized and appropriately located garbage handling and recycling material holding space to the approval of the Director Engineering and a commitment to implement the recycling provisions.
- m) Compliance with the guidelines for underground parking for residential visitors and institutional patrons.
- n) The review of on-site residential and institutional loading facilities by the Director Engineering.
- o) The submission of an acoustic study to ensure compliance with the Council-adopted sound criteria.
- p) The undergrounding of existing overhead wiring abutting the site.
- q) The submission of a heritage assessment.
- r) The deposit of the applicable Parkland Acquisition Charge.

- s) The deposit of the applicable Metrotown Public Open Space Charge.

**BIG BEND DEVELOPMENT PLAN**

The Acting City Manager submitted a report from the Director Planning and Building seeking Council authorization to forward this application to a Public Hearing on 2016 May 31. The purpose of the proposed zoning bylaw amendment is to permit the expansion of the existing pharmaceutical facility's production and warehouse area in accordance with the Glenlyon Concept Plan and the Council-adopted Big Bend Development Plan.

The Acting City Manager recommended:

1. THAT a Rezoning Bylaw be prepared and advanced to First Reading on 2016 May 09 and to a Public Hearing on 2016 May 31 at 7:00 p.m.
2. THAT the following be established as prerequisites to the completion of the rezoning:
  - a) The submission of a suitable plan of development.
  - b) The deposit of sufficient monies, including a 4% Engineering Inspection Fee, to cover the costs of all services necessary to serve the site and the completion of a servicing agreement covering all requisite services. All services are to be designed to City standards and constructed in accordance with the Engineering Design. One of the conditions for the release of occupancy permits will be the completion of all requisite services.
  - c) The installation of all electrical, telephone and cable servicing, and all other wiring underground throughout the development, and to the point of connection to the existing service where sufficient facilities are available to serve the development.
  - d) The review of a detailed Sediment Control System by the Director Engineering.
  - e) The granting of a Section 219 Covenant respecting flood proofing requirements.
  - f) The submission of a geotechnical review regarding stability confirming that the site may be used safely for the intended use, for

review by the Chief Building Inspector and granting of a Section 219 Covenant respecting the submitted report.

- g) The granting of any necessary statutory rights-of-way, easements and/or covenants, including but not limited to:
  - discharge of existing statutory rights-of-way BB1305667, BB1305668 and BB1305670, and re-registration of new statutory rights-of-way to permit an encroachment for on-site parking.
- h) The deposit of the applicable GVS & DD Sewerage Charge.
- i) The provision of facilities for cyclists in accordance with Section 4.8 of the rezoning report.
- j) The provision of an adequately sized and appropriately located garbage handling and recycling material holding space, to the approval of the Director Engineering and a commitment to implement the recycling provisions.
- k) The submission of a detailed comprehensive sign plan.
- l) The submission of a Site Profile and resolution of any arising requirements.
- m) The submission of a suitable on-site stormwater management system to the approval of the Director Engineering, the deposit of sufficient monies for its provision, and the granting of a Section 219 Covenant to guarantee its provision and continuing operation.

  - ensuring that handicap accessible parking stalls be held as common property and administered by the Strata Corporation.
- h) Compliance with the guidelines for surface and underground parking for residential visitors and commercial patrons.
- i) The review of a detailed Sediment Control System by the Director Engineering.
- j) The submission of a suitable Solid Waste and Recycling plan to the approval of the Director Engineering.
- k) The design and provision of units adaptable to persons with disabilities and the provision of customized hardware and cabinet work being subject to the sale/lease of the unit to a disabled person, with allocated disabled parking spaces protected by a Section 219 Covenant.
- l) The provision of a covered car wash stall and an adequately sized and appropriately located garbage handling and recycling material holding space, to the approval of the Director Engineering and a commitment to implement the recycling provisions.
- m) The review of on-site residential/commercial loading facilities by the Director Engineering.
- n) The submission of a Site Profile and resolution of any arising requirements.
- o) The pursuance of Storm Water Management Best Practices in line with established guidelines.
- p) The provision of facilities for cyclists in accordance with this report.
- q) Compliance with the Council-adopted sound criteria.
- r) The undergrounding of existing overhead wiring abutting the site.
- s) The submission of a detailed comprehensive sign plan.
- t) The deposit of the applicable Parkland Acquisition Charge.
- u) The deposit of the applicable GVS & DD Sewerage Charge.
- v) The deposit of the applicable School Site Acquisition Charge.
- w) The submission of a written undertaking to distribute area plan notification forms, prepared by the City, with disclosure statements; and, to post area plan notification signs, also prepared by the City,

on the development site and in the sales office in prominent and visible locations prior to Third Reading, or at the time marketing for the subject development commences, whichever is first, and remain posted for a period of one year, or until such time that all units are sold, whichever is greater.
