3.4 Nancy Lim - Ban On Rodent Control Poisons

Council Correspondence Package 2020.08.13 The City of Burnaby received 86 similar emails on this matter and are available for viewing in the Clerk's Office.

Council, at their meeting on 2020 August 24, requested that staff respond to all correspondents to advise that the City does not use rodenticide in its operations. Rodenticide use is permitted under the Integrated Pest Management Act and Regulation, administered by the BC Ministry of Environment and Climate Change Strategy. The Ministry relies on the federal Pest Control Products Act and Health Canada, to evaluate and determine acceptable uses for pesticides registered for sale in BC.
