REPORT

With respect to Council initiated local area services, Section 213(2)(c) of the Community Charter states:

“Council may proceed with establishing the service unless a petition against the service is presented within 30 days after notice has been given in accordance with this Section.”

Petitions have been received in objection to 15-400 local area service project, detailed in the *attached* schedule. Council is precluded from proceeding with this project as the petitions represent at least 50% of the property owners who, in turn represent at least 50% of the assessed value of land and improvements that would be subject to the local area service tax.

Insufficient petitions have been received in objection to 15-402 local area service project, detailed in the *attached* schedule. Council may proceed with the work as provided for in Section 213(2)(c) of the Community Charter.
