06 February 2015

City of Burnaby
4949 Canada Way
Burnaby, BC V5G 1M2

Attention: Traffic Safety Committee

Dear Councillor Dhaliwal, Chair, and Committee Members:

Traffic Safety Committee Meeting – 03 March 2015
Brentwood Traffic Systems
Brentwood Park Ratepayers Delegation
Speaker – Terry MacDonald

This is to request the opportunity on behalf of Brentwood Park Ratepayers, to speak to our correspondence of 08 April 2014, "Brentwood Traffic System", and the City Manager's response dated 27 June 2014, "Response to Delegation on Traffic in the Brentlawn Neighbourhood".

The City Manager's report deals with a number issues, road classification, traffic calming, parking, bus service, a cut-and-paste of earlier reports that had been given to other Brentwood neighbourhood delegations.

There will be follow-up soon on the above issues; however, at this time I'll deal only with the commitments made by the City with respect to separating the traffic systems for the multi-family developments and the single-family dwelling area.

Yours very truly,

Terry MacDonald
