SUBJECT: WILLINGDON HEIGHTS PARK - DEMOLITION OF CITY-OWNED
STRUCTURE AT 1522 GILMORE AVENUE

RECOMMENDATION:

1. **THAT** Council be requested to authorize the sale for moving or salvage or demolition of the structures, including all outbuildings and fences at 1522 Gilmore Avenue.

REPORT

The Director Engineering has requested that the removal and/or demolition of the City-owned structure at 1522 Gilmore Avenue, within Willingdon Heights Park, be put forward for consideration by the Parks, Recreation and Culture Commission and Council.

The subject property, 1522 Gilmore Avenue was acquired on 2001 May 01 for Willingdon Heights Park and has since been held as an interim residential rental property. The location of the subject property is illustrated in the attached sketch (Attachment #1).

The subject property is improved with an 850 square foot two bedroom and basement single family dwelling built in 1947. The house is currently vacant and a recent inspection has determined that extensive upgrades would be required to bring this house to current rental standards. A financial analysis has determined that it is not economical to upgrade the house for rental purposes and the Finance Department concurs that the condition of the building warrants its demolition. Demolition of the structure is therefore recommended.

The structure on the subject property is not listed on the City Heritage Inventory of Community Heritage Register.

Parks staff concur that the condition of this interim rental house warrants demolition and notes that removal of the structure from the property will further the intended transition of the land to park use. In order to proceed with the removal and/or demolition of the structure, including any outbuildings, at 1522 Gilmore Avenue, Commission and Council approval is requested.
