To: Office of the City Clerk,

I am writing in support of the rezoning application for Bridge Studios. Bridge Studios have always been good business neighbors and are courteous to us keeping in mind our business is a hotel and they try to prevent as little disturbance as possible when filming.

Bridge Studios is a great industry for businesses in Burnaby to benefit from. The film business is getting stronger as we have received a lot of business from their productions in the past year already.

If you require any more information, please do not hesitate to contact me at 604-473-5000 ext. 7521.

Kind Regards,

Anita Fraess
