

## Chair and Members of the Social Planning Committee

I request permission to appear as a delegation to the Social Planning Committee to talk about Literacy Now Burnaby and our work to promote literacy for all in Burnaby? I do not yet have names of other members who are able to join me.

The presentation will include information about:

- Literacy levels in Canada and BC,
- What we need to work on so residents are able to fully participate in their community and the economy.
- Our current literacy activities in Burnaby

Please let me know if you would like to hear about our literacy activities

Regards

*Susan*
