Burnaby Public Library - Capital Funding Bylaw Request

cc: Director Finance
City Solicitor

TO: CHAIR AND TRUSTEES, BURNABY PUBLIC LIBRARY BOARD

FROM: EDEL TONER-ROGALA – CHIEF LIBRARIAN
BURNABY PUBLIC LIBRARY

SUBJECT: CAPITAL FUNDING BYLAW REQUEST

RECOMMENDATION:

THAT the Board request that Council authorize staff to bring down a Capital Reserves Bylaw in the amount of \$392,500 (inclusive of GST of \$17,500) to finance the projects outlined in this report.

REPORT

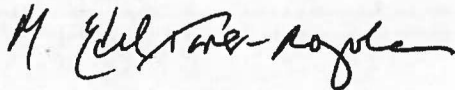

One element of the 2015-2018 Library Service Strategy focuses on the need to renew and refresh library spaces. The Library Board is striving to ensure that the space that public and staff use meets current needs and can flex to meet future requirements. The following projects will also assist the Library Board in its ongoing commitment to remove barriers.

- 1. Occupational Health & Safety Project ADX.0007 \$175,000**
Cameron and Bob Prittie Metrotown Branches
The Occupational Health and Safety project will provide necessary capital improvements to HVAC, electrical, data and network infrastructure, will address staff safety and accessibility and reconfigure work spaces at the Cameron and Bob Prittie Metrotown Branches.
- 2. Metrotown Branch Reading Lounge ADX.0005 \$100,000**
The reading lounge is home to over five hundred magazines and newspapers and currently seats thirty-five patrons. This project will allow for the removal of existing fixed furnishings and lighting, increase seating, and provide a variety of seating formats, creating an engaging space for the community to gather, read, collaborate and learn.

3. Cameron Branch Entrance & Service Desk ADX.0004 \$100,000

The Cameron Branch is the smallest of the City's four library branches, located within the Cameron Recreation Complex and provides library services to the growing Lougheed Town Centre community. This project includes the removal of the heavy, fixed millwork service desk that is no longer appropriate for current uses. In its place, patrons and staff will find a more accessible service desk, a flexible and adaptive workspace, the additional option of self-checkout, and updated electrical, data and network infrastructure.

Sufficient Capital Reserves are available to complete the above projects in the 2016-2020 Annual Financial Plan. It is recommended that the Board request Council to authorize staff to bring down a Capital Reserves Bylaw in the amount of \$392,500 (inclusive of GST of \$17,500) to finance these projects.
