CARRIED UNANIMOUSLY

A) Burnaby Public Library Board Re: 2015 Annual Report Speakers: Sheila Pierce, Chair Edel Toner-Rogala, Chief Librarian

Ms. Sheila Pierce, Chairperson, Burnaby Public Library Board appeared before Council to present the Library's 2015 Annual Report.

Ms. Pierce noted that library attendance in 2015 totaled 4.7 million visits, with borrowings of 3.1 million items.

The renovations and upgrades to the Bob Prittie and McGill library branches have significantly improved the entrances to these two libraries.

Council was provided with an overview of the 2015-2018 Library Service Strategy Plan referred to as "Be Curious", and the various activities associated

with the implementation of the Plan, including the community outreach vehicle (pop up library), social media and library space refresh.

This year marks the 60th anniversary of the Burnaby Public Library, and Ms. Pierce reviewed the many activities and events associated with this celebration that will take place during the course of the year.

The Mayor and members of Council thanked Ms. Pierce and the Library Board for their hard work and dedication, and stressed the importance of good libraries to the strength and well-being of the community.

It was also noted that Ms. Edel Toner-Rogala, Chief Librarian will be retiring later this year, and Council thanked her for her dedicated service and considerable contribution to the success of the Burnaby Library system.

B) Fraser Health

Re: My Health My Community Survey

Speakers: Dr. Lisa Mu, Medical Health Officer

Christine Wall, Community Health Specialist

Dr. Lisa Mu, Medical Health Officer and **Ms. Christine Wall**, Community Health Specialist appeared before Council to provide the results of the My Health My Community survey as they relate to Burnaby.

The survey was conducted between June 2013 and July 2014, with 2193 Burnaby residents participating in the survey, representing nearly 1% of the city's population.

The information gathered through the survey provides valuable information regarding the health and wellness of the community, as well as other information related to modes of commuting, community resiliency and social connectedness. The neighbourhood level data will be very useful in terms of determining future service requirements and delivery mechanisms.

Dr. Mu advised that the survey results have been shared with Healthier Community Partnership members that include representatives of the City, Fraser Health and the Burnaby School District.

Mayor Corrigan, along with other members of Council, responded to the presentation noting the challenge associated with public education, provision of affordable housing, move towards more preventative health initiatives, and encouraging more healthy lifestyles. As the City continues to densify, there is a need to create a balance between density and socialization. This is part of the Council's consideration in developing plans for the provision of future community amenities in these areas.

7. **NEW BUSINESS**

Asbestos and Hazardous Material Removal – Councillor Dhaliwal

MOVED BY COUNCILLOR DHALIWAL
SECONDED BY COUNCILLOR VOLKOW

WHEREAS:

- Asbestos exposure is the leading cause of work related deaths in BC, and;
- WorkSafe BC found 43 percent of all hazardous material surveys done by contractors renovating or demolishing homes were inadequate, and;
- WorkSafeBC lacks the tools for enforcement and monitoring of existing hazardous material regulations, and;
- there is currently no provincial certification or licensing in BC of asbestos abatement professionals to ensure standards and allow for the suspension of non-compliant contractors; and
- mandatory provincial certification and licensing of demolition and environmental remediation contractors would allow local governments in BC require these licenses from contractors as a condition for issuing demolition and renovation permits.

THEREFORE BE IT RESOLVED THAT the Provincial Government require mandatory licensing, certification and enforceable compliance in safely handling asbestos and other hazardous material for all demolition, renovation and environmental remediation contractors;

AND THAT Burnaby City Council write to the Premier, the Minister of Forests, Lands and Natural Resource Operations, Minister of Jobs, Tourism and Skills Training and Minister Responsible for Labour requesting that the BC Government require mandatory licensing, certification, and enforceable compliance in safely handling asbestos and other hazardous material for all demolition, renovation and environmental remediation contractors;

AND BE IT FURTHER RESOLVED THAT a resolution be submitted to the Union BC Municipalities (UBCM) for consideration at the 2016 annual conference.
