Subject: Objection to Amendment of Zoning bylaw 1965, No. 13625, rezoning reference #15-36

To whom it may concern,

I am hereby writing to object the following proposed amendment to "Burnaby Zoning Bylaw 1965":

Burnaby Zoning Bylaw 1965, amendment bylaw No. 25, 2016 Bylaw No. 13625, Rezoning reference #15-36.

I strongly oppose to change the zoning of 5177 Sidley Street from R5 Residential District to CD Comprehensive Development District because it significantly impacts the surrounding environment of my property, including blocking of views and unnecessarily altering the density of existing neighbouring property.

I ask that you please account my opposition to this rezoning proposal and that you deny it.

Thank you very much for your attention.
