SECTION 3 COUNCIL CORRESPONDENCE City Manager Deputy City Manager Dir. Engineering Dir. Parks, Rec. and Cultural Svcs
--

To various recipients

Dear Sirs and Mesdames:

I am a renter at the North East Burnaby Community Association garden, adjacent to Stoney Creek School.

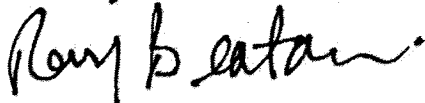

The message is not officially from the community garden.

Right beside the garden runs one of Burnaby's trails. When I am working in the garden, I see many walkers and bikers on this trail during the summer. There are often kids playing on the grounds of the school.

I would like you to consider a "Port a Potty" nearby for the use of travellers, players and walkers.

It would make it easier for gardeners to spend more time at the garden and I'm sure walkers and bikers would also find such a facility useful.

Sincerely

Raymond Beaton

Note:

Staff have confirmed that the referenced trail is located on the Stoney Creek Community School site, and have confirmed that PRCS do not maintain this trail over the school property. This request should therefore be referred to the Burnaby School District.
