

## COUNCIL REPORT

---

**TO:** CITY MANAGER **DATE:** 2016 October 28

**FROM:** DIRECTOR FINANCE **FILE:** 5820-20  
*Reference:* 139-08/12

**SUBJECT: CONTRACT EXTENSION  
WATER VALVES AND FIRE HYDRANTS**

**PURPOSE:** To obtain Council approval to extend a contract for the supply and delivery of water valves and fire hydrants.

---

**RECOMMENDATION:**

1. **THAT** Council approve a one year contract extension to Corix Water Products Inc. for a total estimated cost of \$237,440 including GST and PST in the amount of \$25,440. Final payment will be based on actual delivered quantities and quoted unit pricing.

**REPORT**

In 2012 October, the District of West Vancouver on behalf of the Vancouver Regional Cooperative Purchasing Group (VRCPG) went out to the marketplace for the supply and delivery of water valves, fire hydrants and related products with Corix Water Products Inc., being the successful bidder. The tender was issued for a one year term with an option for up to four additional one year renewals.

This recommendation is for the fourth and final renewal and includes an increase of approximately 3% over the existing prices for the period 2016 December 01 to 2017 November 30. The noted increase is a result of higher global raw material costs.

The accumulated estimated spend total for the five years is \$1,131,200 including GST and PST in the amount of \$121,200.

Funding for the contracted material is provided in the General Revenue Fund for inventory items and in other operating and capital accounts in the 2016 – 2020 Annual Financial Plan.
