Hello Clerks,

I have been asked to submit the below correspondence on behalf of Donna Dawson, 3562 Dalebright Drive, who is experiencing email issues. For any questions or confirmation, please contact Ms. Dawson at dmdawson@telus.net

Dear Mayor and Council,

I am writing to share with you my strong support for the proposed development of the Fair Haven United Church cottages at 4341 Rumble Street, Burnaby.

I have been an active resident of Burnaby since 1952, having raised my four children here and been heavily involved in community committees over the years including establishing Block Watch and Victim Services, and I'm coming up on 25 years as a volunteer with the RCMP. I am also a former board member and chair of the Fair Haven United Church Homes Society and have sat on various committees.

Through my volunteer activities in this community, I have seen first hand how critical it is that we continue to work together to find solutions to house members of our community in a secure and affordable environment – in particular, our seniors population. Fair Haven is a proven housing provider in this community and the proposal before you to replace the aging cottages with 145 new units of affordable housing for seniors in need is a well-thought-out program, and I hope you agree is a "no-brainer".

It has long been the vision of Fair Haven to provide safe, affordable housing. In fact the now 66-year-old cottages were originally built to house missionaries who were returning from overseas with minimal pensions. I am proud this vision rings true today with the re-visioning of these 8 cottages.

I urge you to approve this application and allow this proposal to go ahead.

Sincerely,

Donna Dawson
3562 Dalebright Drive

Subject: Fairhaven. Homes Rezoning

I am ever so pleased to be able and offer my support for the rezoning application for Fairhaven's new housing project. This project will be able to serve more folks then the current cottage layout does . This has been a dream of many Fairhaven supporters for many a year. More people will be getting affordable housing with this project. Regards Gary Begin , former Director and Chair , Fairhaven Homes.

Dear Mayor Corrigan and Council,

I'm writing to express my support for the proposed re-development of the Fair Haven United Church Homes Society cottages at 4341 Rumble Street.

My wife and I have been residents of the Burnaby community for over 12 years, and are proud to call this City our home. We are very familiar with the redevelopment site and with Fair Haven's proposal to build 145 new rental units for seniors of low income. This proposal is a great idea, and one that will better utilize the site, and provide more seniors with the opportunity to be apart of a shared, while independent community. We believe this type of housing is something our City lacks, and that this is an opportunity to deliver quality housing for seniors our City simply cannot pass up.

My wife and I wholeheartedly support Fair Haven in their endeavours to provide more housing choice for the seniors of Burnaby – we urge you to please do the same.

Thank you for considering our comments in advance of tomorrow evening's public hearing at City Hall.

*Sincerely,
Ron and Peggy Gomez

Dear Mayor Corrigan and Council:

On behalf of L'Arche Greater Vancouver, I would like to express our strong support for the proposal put forward by our neighbour, the Fair Haven United Church Homes Society (Fair Haven), at 4341 Rumble Street, Burnaby.

L'Arche Greater Vancouver is an intentional community of approximately 95 people who share life and work together. We have six homes and two day programs and are involved in initiatives of welcome and outreach to the wider community. Our main building, which includes our administrative offices, day programs, and three of our homes, is a short walk from Fair Haven. Founded in 1974, we are an ecumenical Christian Community which welcomes people from a rich diversity of religions, races and cultural backgrounds. Much like Fair Haven, L'Arche celebrates the unique value of every person and recognises the need for inclusivity and support.

The growing shortage of seniors' affordable, rental housing is recognised at the provincial, regional and local levels. Fair Haven's proposal will bring 145 new seniors rental housing units to Burnaby's South Slope community to address this urgent and critical need. Therefore, through Fair Haven's proposed project, Burnaby would greatly benefit from increased rental options and supply of affordable housing opportunities for low income seniors. Fair Haven's redevelopment proposal will allow more low income seniors the opportunity to age in place and benefit from the multitude of advantages that come with it.

L'Arche Greater Vancouver supports Fair Haven's proposed, well-considered design and their plan to redevelop their existing independent living cottages. We encourage you to support this application at its Public Hearing on November 22nd 2016.

Sincerely,

Audrey Staudacher

Re: Letter of Support for Fair Haven United Church Homes Society – Affordable Seniors' Housing

The Burnaby Association for Community Inclusion (BACI) was excited to learn that the Fair Haven United Church Homes Society's proposed re-development of their 9 Fair Haven cottages – into 145 units of affordable and accessible seniors rental housing – was successfully referred to the public hearing stage.

BACI is a non-profit organization that has dedicated 60 years to providing innovative services for children, youth and adults with developmental disabilities and their families in the Burnaby community. We currently serve over 1,000 people with disabilities and their families – many of whom are seniors who would greatly benefit from the accessible and affordable housing that the Fair Haven re-development would offer. We already enjoy a long-term partnership with the Fair Haven Society – and relationship with some of their tenants – as one of our children's centres is located in the Fair Haven Apartments building.

We fully support the Fair Haven re-development project and respectfully encourage the City and citizens of Burnaby to join us in recognizing the significant positive impact it will have – not only providing safe, accessible and affordable homes to a large number of seniors in Burnaby, but offering a supportive and inclusive environment for seniors to age in place and continue to contribute to our community.

If you have any further questions, please do not hesitate to contact me at 604.299.7851 or richard.faucer@gobaci.com.

Sincerely,

Richard Faucher

Subject:

19 Nov.2016

My name is Phyllis Stainton and I've been a resident of the city of Burnaby for over 50 years.

I' am writing to lend my support to the plans put forward by the Fair Haven United Church Homes society to redevelop the existing rental cottages on their Rumble Street site.

My Husband and I have been involved with Fair Haven for many years-he as previous Board Chair and myself as a volunteer on many committees.We understand and have experienced first hand the great work Fair Haven does in providing safe housing and supportive care to those in need.Unfortunately the City of Burnaby(along with our neighbouring municipalities) has a severe shortfall of affordable housing options for seniors.Fair Haven understands this pressure on our community and are actively pursuing solutions to increase the supply of housing options for seniors who want to live independently.

I'am wholeheartedly supportive of Fair Haven's program to upgrade the existing cottages and increase the capacity to 145 new rental units.I have reviewed the plans and believe they are well thought out to suit seniors needs.

I believe this will be a positive step for our City.I look forward to hearing a positive outcome from next week's public hearing.

Thank you for your time.

Yours truly,
Phyllis Stainton.

Re: Rezoning Proposal submitted by Fair Haven United Church Homes

Please accept this letter as my support for the Fair Haven United Church Homes' proposal to replace the existing 18 residential cottages with a new 145-unit housing complex for seniors.

I resided in one of the cottages for 5+ years upon relocating to Burnaby after the passing of my husband, a retired Canadian Forces member. The cottages reminded me of Military Permanent Quarters (PMQs) which we had lived in over the years, and my new home provided a feeling of familiarity during my transition process.

I will admit that when I first learned the cottages would be torn down and the land would be redeveloped, I was upset; however, after digesting the scope of the situation, I realized that the proposal would be providing much-needed affordable housing for seniors, and I was more than willing to provide full support to this project.

Fair Haven United Church Homes has been more than fair and supportive during the pre- and actual relocation process. They provided a very generous compensation package and I was fortunate to secure a very comfortable suite in the adjacent Fair Haven apartment building right next door. The Fair Haven United Church Homes Board of Directors, Management and Staff were very helpful in ensuring that my needs were met and that I was able to relocate with ease - which reaffirms their commitment to keep the needs of their residents a top priority.

Thank you for considering this letter in your decision to proceed with the above-referenced proposal.

Sincerely,

Heather A. Overy

Re: Letter of Support for Fair Haven Redevelopment at 4341 Rumble Street

On behalf of the Burnaby Neighbourhood House I am writing this letter in support of the Fair Haven United Church Homes Society's application for redevelopment of the site at 4341 Rumble Street where the old cottages have been. This project will have a positive impact on our community as it will increase the number of affordable housing units for seniors. Aging in place is a positive aspect of this project as the Housing development is next to the existing care facility. In addition to the South House being nearby, other social amenities are also conveniently located around this development.

The Burnaby Neighbourhood House is very active in addressing the social needs of vulnerable seniors living in Burnaby. Our Outreach coordinator and team of volunteer ambassadors have seen first-hand the stress being experienced by seniors who are being displaced due to new Metrotown developments. We are desperate for more affordable housing for everyone but seniors in particular are especially vulnerable. This project needs to move forward as quickly as possible as we need affordable housing solutions for low income seniors. We want our senior population to be able to stay in the community where they feel most connected.

My understanding is that the Fair Haven has hired a relocation specialist who has been meeting with their existing tenants over the last few months to make the transition of a move as comfortable as can be. Some have been successfully relocated to their Burnaby Apartments onsite (which are Rent-geared to Income units), and some have moved to other communities where family members live. These tenants have also been offered financial support to help with the move.

I urge you to look upon this proposal favorably and to support it to move forward quickly. It is definitely addressing the affordable housing crisis currently being experienced in our city.

Sincerely,

Antonia Beck
Executive Director

Re: Burnaby Zoning Bylaw 1965,
Amendment Bylaw No. 48, 2016 – Bylaw No. 13672

Dear Mayor Corrigan and Councillors,

On behalf of the Board of Directors of St. Michael's Centre, I am writing to support the Fair Haven United Church Homes rezoning application. Fair Haven United Church Homes has a long history of serving our community and providing housing for seniors. There is a critical need for affordable housing for seniors and this redevelopment project will help address the shortage.

St. Michael's Centre is a 128 bed complex care and 16 bed hospice adjacent to the Fair Haven United Church Homes complex and they are good neighbours. The two organizations provide a continuum of housing and care for our senior residents.

For decades, Fair Haven United Church Homes has been a leader in seniors housing and St. Michael's Centre is pleased to endorse and support this rezoning application for redevelopment.

Yours sincerely,
