Subject: Moscrop Secondary Dry Grad

Mr. Dhaliwal,

I am writing on behalf of Moscrop's dry grad committee asking if the City of Burnaby can support us in reviving the dry grad event at Moscrop. We have not had a dry grad for 5 years and this year, there is enough interest shown by the grads to have one. The Burnaby Now is going to be writing a series of articles on our event including this article that came out today: <http://www.burnabynow.com/news/education/burnaby-school-s-first-dry-grad-in-five-years-needs-help-1.7162617>

Burnaby school's first dry grad in five years needs help

www.burnabynow.com

A pair of Moscrop Secondary School moms is determined to get a dry grad celebration off the ground at their kids' school for the first time in five years. To make it happen, Jean Wong and Sandra . . .

Please let us know if you are able to donate some prizes or help by giving a monetary donation.

Thank you

Best regards,

Jean Wong

Moscrop dry grad co-chair
