Attention: Honorable Mayor Derek Corrigan

Honorable Mayor Derek Corrigan;

Attached is my business plan for Sandra Closet, LLC. I would like to take this opportunity to introduce myself. I'm Sandra Allen, the Owner of Sandra Closet, LLC. Sandra Closet, LLC will be a Not-For-Profit organization. Sandra Closet, LLC has not been established as a business. Sandra Close, LLC wants to provide clothing to individual and single families, that hasn't been previously worn. Therefore, Sandra Closet, LLC came about. I want to establish Sandra Closet, LLC and, I would like to start my business(s) throughout British Columbia, Canada. I plan, if permitted I would like to build; Sandra Closet, LLC within different areas of British Columbia. Sandra Closet, LLC will be either Adjacent or near International and Regional Airports.

- Vancouver International Airport

It would be difficult to operate Sandra Closet, LLC within the United States. Due to the fact that individuals would breaking into my business and stealing and selling items on the street. I wouldn't be able to prosecute any of the individuals caught. This is why, I have chosen British Columbia, Canada to open my stores. There will be an extremely larger impact to the communities: employment rate, tourism, general traffic: Road, Rail, Air-freight, Post, Air Parcel Post, Express courier Services and public transportation. In my opinion there will be a 40-50% percent increase. All of the above areas will see an extremely larger increase to their day-to-day travels. To and from the cities and some public transportation routes will need to be extended. I would like to work very closely with your government(s) parties, regarding opening Sandra Closet, LLC.

To ensure that individuals and single families have the transportation to and from Sandra Closet, LLC. I have been in contact with High-End designers. Therefore, after reconnecting and introducing them to Sandra Closet, LLC. Sandra Closet, LLC would therefore become a government benefits programs. Where individuals and single families can shop for FREE at no cost to them. As for the financial aspect of my organization. I would

like to obtain a governmental grants or loans for my business operations financials. Those individuals and single families on Canadian governmental benefits. Such as the following government benefits programs:

- Canadian Assistant programs
- Security Social Insurance benefits
- Pensions and Disability benefits

After reviewing my business plan regarding Sandra Closet, LLC. I would like to have The Honorable Mayor Derek Corrigan express his opinion regarding Sandra Closet, LLC. Being establishing it within, near of adjacent from the City of Burnaby, British Columbia, Canada. In my opinion, I believe that this organization can and will bring between both our countries even more diplomatically closer. By allowing citizens of the United States of America (USA) come a shop within Sandra's Closet, LLC. That are currently on an assistant program like (Welfare)within in the USA. Our countries will see a great change

within both our countries for the better good of diplomacies. Thank you for your time and consideration to this matter at hand.

Sincerely Yours,

Sandra F. Allen
