Subject: Wheelchair Access

Dear Mayor and Council. This video, while not about Burnaby, highlights the problems faced by those bound to wheelchairs and those with compromised mobility. Can you imagine yourself not on a mission to find a rainbow bagel in New York but be in need of a wheelchair accessible washroom and be faced with the same problems as Zach?

My question to Council is, what plans do the Mayor and Council have to remove all barriers to free and safe travel for those who must use a wheelchair to travel throughout Burnaby and its many neighbourhoods in the foreseeable future?

I would like to appear as a delegation at the next Council Meeting.
