City of Burnaby  
4949 Canada Way  
Burnaby, BC V5G 1M2

Dear City Clerk,

The BC Insulators request an opportunity to make a presentation to the Mayor and Councilors in regards to our thermographic camera case studies of mechanical insulation application in commercial/institutional buildings.

The proper design, installation and maintenance of mechanical insulation systems will ensure optimum energy performance. This is an opportunity for energy savings and greenhouse gas reductions that will create jobs.

Yours truly,

Neil Munro VP  
Vice President
