**REPORT**

Four quotations for these contracts were received by the closing time on 2017 June 05. The work of these contracts include the delivery of cold mix asphalt to a City storage yard and the pick-up by City trucks of hot mix asphalt at the suppliers' respective plants. The quotation document contains options for up to four (4) one year extensions if mutually agreeable between the City and the contractors.

Having multiple sources of supply with individual suppliers located in close proximity to the various jobsites has a positive effect on costs and operational productivity. It is recommended that contracts be awarded to Mainland Sand & Gravel ULC DBA Winvan Paving, B.A. Blacktop Ltd., and Lafarge Canada Inc. for the supply of hot mix asphalt and that the contract with B.A. Blacktop Ltd. also include the supply and delivery of cold mix asphalt. The Director Engineering concurs with the above recommendation.

All three suppliers have proven track records in the provision of asphalt products to the City. Funding for these requirements is included in the 2017-2021 Financial Plan under various operating and capital accounts.
