 - *The requisite covenant plans have been submitted in registerable form and will be deposited in the Land Title Office prior to Final Adoption.*
- h) Compliance with the guidelines for surface and underground parking for residential visitors and commercial patrons.
- *The applicant has agreed to this prerequisite in a letter dated 2017 April 08 and the necessary provisions are indicated on the development plans.*

- i) The review of a detailed Sediment Control System by the Director Engineering.
 - *The applicant has submitted the required Sediment Control System plans for approval by the Engineering Environmental Services Division and has agreed in a letter dated 2017 April 08 to install the system as approved prior to commencing construction.*
- j) The submission of a suitable Solid Waste and Recycling plan to the approval of the Director Engineering.
 - *The necessary provisions are indicated on the development plans and the applicant has submitted a letter of undertaking dated 2017 April 08 committing to implement the solid waste and recycling provisions.*
- k) The design and provision of units adaptable to persons with disabilities, the provision of customized hardware and cabinet work being subject to the sale/lease of the unit to a disabled person, with allocated disabled parking spaces protected by a Section 219 Covenant.
 - *The necessary provisions are indicated on the development plans and the applicant has submitted a letter dated 2017 April 08 agreeing to meet this prerequisite.*
- l) The provision of a covered car wash stall and an adequately sized and appropriately located garbage handling and recycling material holding space, to the approval of the Director Engineering and a commitment to implement the recycling provisions.
 - *The necessary provisions are indicated on the development plans and the applicant has submitted a letter of undertaking dated 2017 April 08 committing to implement the recycling provisions.*
- m) The review of on-site residential/commercial loading facilities by the Director Engineering.
 - *The applicant has agreed to this prerequisite in a letter dated 2017 April 08 and the necessary provisions are indicated on the development plans.*
- n) The submission of a Site Profile and resolution of any arising requirements.
 - *The applicant has submitted the required Site Profile. No remedial works are required in connection with the proposed development.*
- o) The pursuance of Storm Water Management Best Practices in line with established guidelines.

- *The applicant has agreed to this prerequisite in a letter dated 2017 April 08 and the required covenant has been submitted in registerable form and will be deposited in the Land Title Office prior to Final Adoption.*
- p) The submission of a geotechnical review regarding stability confirming that the site may be used safely for both the intended use, for review by the Chief Building Inspector and granting of a Section 219 Covenant respecting the submitted report.
- *The requisite geotechnical review has been approved by the Chief Building Inspector and the requisite covenant has been submitted in registerable form and will be deposited in the Land Title Office prior to Final Adoption.*
- q) The provision of facilities for cyclists in accordance with this report.
- *This provision is indicated on the development plans and the applicant has submitted a letter dated 2017 April 08 agreeing to meet this prerequisite.*
- r) Compliance with the Council-adopted sound criteria.
- *The applicant has submitted an acoustic study which has been accepted by Engineering Environmental Services Division and submitted a letter dated 2017 April 08 agreeing to comply with the Council-adopted sound criteria.*
- s) The undergrounding of existing overhead wiring abutting the site.
- *The applicant has agreed to this prerequisite in a letter dated 2017 April 08 and has deposited the necessary funds to guarantee the completion of this prerequisite.*
