

## District 4 Community Policing Advisory Committee September, 2017 Report

Our committee did not meet in July or August. Many volunteers from Burnaby Citizens Crime Watch and other Community Police Offices participated in patrols of Central Park in vehicles and on foot offering Safety pamphlets and reassuring the public to be aware of safety procedures for themselves and children while out enjoying the park. The patrols continued for two weeks. The patrols reported to a Crime Prevention Facilitator.

Eight policing volunteers participated with Susan Salame, a Crime Prevention Facilitator, at the RCMP Musical Ride event at Swangard Stadium on August 18. The interactive activities: tattooing, spin-the-wheel safety questions for parent and child, paper police hats, information pamphlets, paper props at a photo booth and other give-aways were well received from the public. It was a great fun event for all involved...our community, volunteers and the Musical Ride.

The next District 4 Community Policing Advisory Council meeting is September 26, 2017 at 2:00pm.
