RE: Rezoning Application, Rez #16-55, 5495 Regent Street, Burnaby, BC

---

Mayor Corrigan & Council,

I am writing in support of the rezoning and development at 5495 Regent Street, Burnaby.

My business is located at 5284 Still Creek Avenue, near 5495 Regent Street, and I am confident that the new development proposed for the property would be an excellent addition to the area.

Dear Mayor Corrigan,

Please accept this letter as I am unable to attend the Public Hearing.

I am the neighbouring property owner at 2853 Douglas Road, and have witnessed the progress of the rezoning application for 5495 Regent Street over the past several months. I strongly support the PC Urban's new development in the area, as I think the new construction and design will create a more attractive and welcoming feel to the neighbourhood.

In closing, I fully support of the proposed rezoning and development at 5495 Regent Street.

Regards,

5495 Regent Street, Burnaby, BC

Your Worship:

I write in support of the development at 5495 Regent Street, the proposed multitenant warehouse.

Our company owns 5371 Regent Street, Burnaby, BC in the area and it will be great to see the neighborhood upgraded with an initiative like this. We have discussed the proposal with PC Urban and we believe the redevelopment of the property will significantly improve the area with a well-designed development and will add to the available options in central Burnaby.

Sincerely,

Your Worship and members of Council:

I write to support the rezoning at 5495 Regent Street. As a business owner on 2864 Norland Avenue, Burnaby, BC I believe this development will be a positive improvement to the neighborhood and sets a good tone for future buildings.

I look forward to seeing the completed building and further improvements of the area.

Sincerely,

Your Worship and members of Council:

As I am unable to attend the Public Hearing in person, I am writing in support of the rezoning at 5495 Regent Street.

My business is located near the subject property at 2876 Norland Avenue and have observed the progress of the application over the past year. I find the application to be well thought out and incorporates creative building design and massing on a challenging urban site. The strong architectural design of the buildings will be a welcome addition to neighbourhood.

We look forward to the further improvement and densification of the area

Sincerely,
