His Worship Mayor Derek Corrigan and Members of Council  
City of Burnaby  
4949 Canada Way  
Burnaby, British Columbia  
V5G 1M2

Dear Mayor Corrigan and Members of Council:

On behalf of the FCM-ICLEI Partners for Climate Protection (PCP) program, I wish to congratulate the City of Burnaby for achieving Milestones 2-4 for community greenhouse gas (GHG) emissions. Achievement of these Milestones signals that your local government has set GHG reduction targets, developed a local action plan and implemented actions to reduce community-wide emissions. The City of Burnaby has shown bold leadership in addressing these important issues, and we are pleased to share your achievement on the PCP website at [www.fcm.ca/pcp](http://www.fcm.ca/pcp).

We look forward to working with you in the development of reduction targets and a local action plan for corporate GHG emissions, as well as the implementation of actions, monitoring of progress and reporting on results, which form the remaining Milestones in the PCP framework. Your efforts, along with those of a growing number of PCP participants, are making a significant contribution to reducing Canada's GHG emissions.

Cost-effective, community-based projects offer the very best opportunities for taking action on climate change. Since 2008, PCP member municipalities have voluntarily reported on over 800 projects to reduce GHG emissions. These projects represent more than \$2.3 billion in investments and over 1.8 million tonnes in annual GHG reductions.
