- d) Third Reading given on 2017 October 16.

The prerequisite conditions have been completely satisfied as follows:

- a) The submission of a suitable plan of development.
  - *A complete suitable plan of development has been submitted.*
- b) The deposit of sufficient monies, including a 4% Engineering Inspection Fee, to cover the costs of all services necessary to serve the site and the completion of a servicing agreement covering all requisite services. All services are to be designed to City standards and constructed in accordance with the Engineering Design. One of the conditions for the release of occupancy permits will be the completion of all requisite services.

- *The applicant has submitted the necessary funds including a 4% inspection fee to cover the costs of all services necessary to serve the site and the servicing agreement has been completed.*
- c) The installation of all electrical, telephone and cable servicing, and all other wiring underground throughout the development, and to the point of connection to the existing service where sufficient facilities are available to serve the development.
- *The applicant has agreed to this prerequisite in a letter dated 2017 October 04.*
- d) The submission of an undertaking to remove all existing improvements from the site prior to or within six months of the rezoning bylaw being affected. Demolition of any improvements will be permitted at any time, provided that the applicant acknowledges that such permission does not fetter Council's ability to grant or not to grant Second Reading, Third Reading and/or Final Adoption of the Rezoning Bylaw.
- *The applicant has agreed to this prerequisite in a letter dated 2017 October 04.*
- e) The undergrounding of existing overhead wiring abutting the site.
- *The applicant has agreed to this prerequisite in a letter dated 2017 October 04 and has deposited the necessary funds to guarantee the completion of this prerequisite.*
- f) The consolidation of the net project site into one legal parcel.
- *The requisite subdivision plan of consolidation has been submitted in registerable form and will be deposited in the Land Title Office prior to Final Adoption.*
- g) The granting of any necessary statutory rights-of-way, easements and/or covenants.
- *The requisite statutory rights-of-way and covenant plans have been submitted in registerable form and will be deposited in the Land Title Office prior to Final Adoption.*
- h) The granting of any necessary Section 219 Covenants including, but not limited to, a restriction on the enclosure of balconies; provision and maintenance of electric vehicles; that all handicap accessible stalls remain as common property; and ensuring compliance with the submitted acoustical analysis.
- *The requisite covenant plans have been submitted in registerable form and will be deposited in the Land Title Office prior to Final Adoption.*
- i) A noise study is required to ensure compliance with the Council-adopted sound criteria.
- *The applicant has submitted an acoustic study which has been accepted by*

*Engineering Environmental Services Division and submitted a letter dated 2017 October 04 agreeing to comply with the Council-adopted sound criteria.*

- j) Compliance with the guidelines for underground parking for residential visitors.
- The applicant has agreed to this prerequisite in a letter dated 2017 October 04 and the necessary provisions are indicated on the development plans.*
- k) The provision of a covered car wash stall and adequately sized and appropriately located garbage handling and recycling material holding space to the approval of the Director Engineering and a commitment to implement the recycling provisions.
- The necessary provisions are indicated on the development plans and the applicant has submitted a letter of undertaking dated 2017 October 04 committing to implement the recycling provisions.*
- l) The provision of a suitable on-site stormwater management system to the approval of the Director Engineering, and the granting of a Section 219 Covenant to guarantee its provision and continuing operation.
- A suitable on-site stormwater management system has been approved by the Director Engineering, the required covenant has been submitted in registerable form and will be deposited in the Land Title Office prior to Final Adoption and the required funds to guarantee this provision have been deposited.*
- m) The design and provision of units adaptable to persons with disabilities and the provision of customized hardware and cabinet work being subject to the sale/lease of the unit to a disabled person, with allocated disabled parking spaces protected by a Section 219 Covenant.
- This provision is indicated on the development plans and the applicant has submitted a letter dated 2017 October 04 agreeing to meet this prerequisite. The required covenant will be deposited in the Land Title Office and the required funds to guarantee this provision will be deposited prior to Final Adoption.*
- n) The submission of a Site Profile and resolution of any arising requirements.
- The applicant has submitted the required Site Profile for the development site and has committed to obtaining an appropriate instrument from the Ministry of Environment prior to release of any Occupancy Permits. The required Covenant governing this arrangement has been submitted in registerable form and will be deposited in the Land Title Office prior to Final Adoption.*
- o) The review of a detailed Sediment Control System by the Director Engineering.
- The applicant has submitted the required Sediment Control System plans for*

*approval by the Engineering Environmental Services Division and has agreed in a letter dated 2017 October 04 to install the system as approved prior to commencing construction.*

- p) The provision of facilities for cyclists in accordance with Section 4.6 of the rezoning report.
- *This provision is indicated on the development plans and the applicant has submitted a letter dated 2017 October 04 agreeing to meet this prerequisite.*
- q) The submission of a detailed comprehensive sign plan.
- *An approvable detailed comprehensive sign plan has been achieved.*
