Request to appear hopefully on May 7th 2018

Subject: pertaining to-

As residents of Forest Hills properties, and other nearby residents a petition has been signed and will be presented:

- Public safety in our neighbourhood
- Traffic safety
- Fire hazard relating to illegal out door burning and constant smoke in the vicinity.
- Road and neighbourhood blockages with constant police presence.
- Large protest marches through our neighbourhoods.
- Illegal living on the road sides and construction of permanent buildings.
- With warmer weather this is turning into a homeless camp.

We ask that both camps at (Shellmont & Underhill) and (the field near Forest Grove School) be completely removed. We request that the City of Burnaby enforce their bylaws and take action to remove these illegal camps immediately. We would like our neighbourhood to be camp free so we can again enjoy and feel safe in this special corner of Burnaby where we have chosen to live.
