Subject : File : 2410-20 . - Crosswalk on the 7200 Block of Halifax Street

Dear Ms Cichon ,

This is confirm receipt of your correspondence of March 21, 2018 .

We wish to thank the Public Safety Committee, and all those involved in approving and installing the flashing beacon and new signs, which greatly enhances the safety of the Crossing.

The many elderly residents of our Assisted Living and Low Income Housing Buildings are now much safer and many of them have expressed their appreciation of the new Crossing upgrade.

It was gratifying for us to notice the responsiveness and strong support of the Committee and City of Burnaby.

Very best Regards,

Anders Nordin
