"We, the undersigned residents of Burnaby, B.C. draw the attention of the City of Burnaby Public Safety Committee to the following:

THAT:

- residents deserve and have a reasonable right to a livable neighbourhood that is free from excessive noise; emission pollution; and acceptable safe conditions;
- Duthie is strictly a residential street with no commercial businesses;
- the high volume of commuter traffic on Duthie accessing Inlet Drive and the Barnet Highway and travelling from the Barnet to Duthie is causing high levels of pollution from vehicle emissions, intolerable levels of noise as well as creating a public safety hazard;
- traffic speeding through our neighbourhood is creating safety concerns for pedestrians, children, pets and cyclists as well as making it significantly more difficult for residents on side streets to safely access Duthie Street, specifically from Pandora Street.

THEREFORE, we call on the City of Burnaby to (1) restrict access from Inlet Drive to Duthie by prohibiting left hand turns and restricting right hand turns during rush hour periods i.e. 3:30 to 6:30 or (2) close the access.
