| Comment   | <p>Dear Mayor and Council, I am writing to you because I would like to access information. I would like information about what the Burnaby Senior's Outreach Services Society funded by City of Burnaby actually does as services for senior's. I would also like to know what funding the organization has received. I have attempted to contact the organization for information various times and what I have found is the organization is simply acting as a service they refer people to other organizations that do not offer services for seniors or anyone else. Burnaby Senior's Outreach Services Society is simply acting as a phone referral service where senior's are referred to services that don't actually provide services. Is this what funding is meant to be spent on? I think our seniors deserve better. Amanda Boggan <input type="text" value="REDACTED"/></p> |
