Some north Burnaby citizens have formed a group called the Burnaby Wildlife Awareness Association. We have been increasingly concerned about wildlife encounters in our neighbourhood, and more specifically bears getting into our garbage. We would like to present at the next council meeting, our concerns and some information/stats we have collected and we would like to work with the City of Burnaby to find solutions to the ever increasing dangerous encounters.

Lindsay Ann Leong is our delegate and we would like to present at the September 24th council meeting.

Lindsey Leong's contact information is:
Lindsay Ann Leong
9040 Moorside Pl, Burnaby, Bc, V5A 4E1
cell is 778-558-2059
Email: lindsayturtle@gmail.com

Beth Arnold will be a second support person with Lindsay

Thank you for your consideration
