Public Safety Committee Report from District 2

Prepared By Aki Ediriweera, Chair

Community members have expressed their appreciation for having the city place Warming centres throughout the city. They believe the city has taken a step in the right direction. Further, the Progressive Housing van has been operating near Lougheed Skytrain station. The Progressive Housing van has reported a lower strain on their resources as a result of having the warming shelters.

The Annual General Meeting of the North Road BIA was a huge success. The meeting provided a space for community members such as business owners to connect with police officers working in the community. This year's community pillar award was given to retired Sergeant Wendy Hawthorne and Constable Jenny Chung of the Transit Police.
