Dear Mayor Hurley & Members of Council:

Re: Day of Mourning Presentation

The "Day of Mourning for Workers Killed & Injured" is recognized nationally on April 28th as a day to mourn for workers who have been killed and injured on the job and an opportunity to rededicate ourselves to improve working conditions through education and prevention initiatives.

The New Westminister & District Labour Council requests an opportunity to appear as a delegation to make a **10 minute presentation** at the **Monday, April 8** regular Council meeting prior to April 28. A member of the Labour Council residing in the city will be presenting on behalf of the Labour Council.

Our presentation will focus on "*One is too many, no one should die on the job*" and will include up-to-date information on workers' health and safety issues, WorkSafeBC regulatory reviews and/or changes that have impacted BC's workplace accident and fatality rates.

We appreciate your commitment to the important issue of workers' health and safety and look forward to hearing from you at your earliest convenience.

Sincerely,

Janet Andrews
Secretary-Treasurer
