**Subject:** Burnaby should follow Delta's lead: free admission to all Delta Parks, Recreation & Culture facilities and drop-in activities.

Hello Mayor Hurley and Council,

As a father of two, Brentwood Park Elementary PAC member and Burnaby Metro Minor ball hockey coach - I believe Delta's free admission initiative benefits children by "keeping them busy", out of trouble, active and healthy. **Any chance Burnaby may offer a free rec pass for our youth? Perhaps parents would be more inclined to purchase B-Active passes for themselves and join their children – I know my wife and I would.**

As a taxpayer and lifetime Burnaby resident, I would emphatically support my tax dollars providing youth with free access to our recreation facilities.

*Effective July 1, as part of Mayor George V. Harvie's Delta Families First initiative, Delta Parks, Recreation & Culture is offering a new Youth Admission Pass that will allow Delta youth between the ages of ten and eighteen to receive free admission to all Delta Parks, Recreation & Culture facilities and drop-in activities.*
