Kathryn & Parks,

I am grateful to receive the confirmation to present our materials regarding The Kush Woods BMX Trails for public knowledge at the next Burnaby Parks, Recreation and Culture Commission Meeting on July 23rd.

On behalf of the Kush Woods BMX Trail Society, it is of great honour to present our case, raise awareness, highlight the current momentum we have supporting our trails, bike trail advocacy, and what we have created in the northern Capitol Hill area that Parks wants to demolish.

Thanks again.

All the best,  
Chester Jones
