

CITY OF BURNABY

BYLAW NO. 14046

A BYLAW to amend the Solid Waste and Recycling Bylaw 2010

The Council of the City of Burnaby ENACTS as follows:

1. This Bylaw may be cited as **BURNABY SOLID WASTE AND RECYCLING BYLAW 2010, AMENDMENT BYLAW NO. 1, 2019.**
2. Burnaby Solid Waste and Recycling Bylaw 2010, as amended, is further amended:
 - (a) by repealing subsection 2(3) and replacing it with the following:

“(3) “bulky item” means a household item which is larger than 1.2 metres in any one dimension or weighs in excess of 20 kilograms, including furniture, large household appliances, mattresses and box springs of the size and weight as determined by the Engineer;”
 - (b) by adding the following as subsection 2(11A):

“(11A) “Eco-Centre” means a facility constructed and operated by the City to enable temporary drop-off and storage of those recyclable materials, yard waste, food scraps and bulky items designated by the Engineer for acceptance at the facility;”
 - (c) by repealing subsection 2(13) and replacing it with the following:

“(13) “food scraps” means meat, poultry, fish, shellfish, bones, bread, dough, pasta, grains, eggs, dairy products, vegetables, fruit, coffee grounds filters, tea, food-soiled paper, and small amounts of grease, but does not include liquids, large volumes of grease, diapers, animal waste and animal carcasses.”

- (d) by repealing subsection 2(29) and replacing it with the following:
 - “(29) “prohibited material” means any material defined as “Banned Materials” in the GVS & DD Tipping Fee and Solid Waste Disposal Regulation Bylaw and any other items designated as “prohibited materials” by the Engineer.”

- (e) by repealing subsection 2(31) and replacing it with the following:
 - “(31) “recyclable materials” means materials defined as “Recyclable Materials”, other than food scraps and yard waste, in the GVS & DD Tipping Fee and Solid Waste Disposal Regulation Bylaw and any other items designated as “recyclable materials” by the Engineer.”

- (f) by repealing subsection 2(32);

- (g) by repealing subsection 2(33) and replacing it with the following:
 - “(33) “recycling receptacle” means a container provided to a dwelling or premises by the City or a private contractor for the deposit of recyclable materials;”

- (h) by repealing subsection 4(7) and replacing it with the following:
 - “(7) The City may establish, maintain and operate one or more Eco-Centre(s) or disposal areas and may limit the kinds of solid waste or recyclable materials that may be deposited in such facility or facilities.”

- (i) by adding the following as subsection 4(9):
 - “(9) Every owner or occupant of a property in the City for which a municipal collection service is provided must maintain all receptacles supplied by the City in good working order, and shall not tamper, adjust, modify or alter the receptacle.”

- (j) by repealing subsection 5(1) and replacing it with the following:
 - “(1) Any garbage receptacle, green bin receptacle or recycling receptacle supplied by the City to the owner or occupant shall belong to the City and shall remain on the owner or occupant’s property.”

- (k) by adding the following as subsection 5(2A):
 - “(2A) Notwithstanding subsection (2), the Engineer may approve an additional garbage receptacle for a single family property or two family property with an owner or occupant who has a medical condition that results in a quantity of non-hazardous solid waste which exceeds the capacity of the largest garbage receptacle supplied by the City.”

- (l) by repealing subsection 5(3) and replacing it with the following:
 - “(3) Every owner or occupant of a dwelling must:
 - (a) place recyclable materials designated by the Engineer for collection service into a recycling receptacle without contamination; and
 - (b) dispose of recyclable materials not designated by the Engineer for collection service at an Eco-Centre or other facility that accepts such recyclable materials.”

- (m) by repealing subsection 5(6)(h) and replacing it with the following:
 - “(h) ensure that empty receptacles and uncollected garbage, recyclable materials, food scraps and yard waste are removed from the collection point no later than 8:00 p.m. on collection day unless otherwise directed by the Engineer.”

- (n) by repealing subsection 5(9) and replacing it with the following:

“(9) An owner or occupant may place bulky items out for collection provided that the owner or occupant has contacted the City in advance to make arrangements for the pickup of such bulky items, in quantities as approved by the City’s Solid Waste and Recycling Division for each collection. The bulky items shall be placed at the collection point designated by the Engineer or as otherwise directed by the Engineer.”

(o) by repealing subsection 6(2) and replacing it with the following:

“(2) Every owner or occupant of a premises must:

(a) place recyclable materials designated by the Engineer for collection service in a recycling receptacle without contamination; and

(b) dispose of recyclable materials not designated by the Engineer for collection service at an Eco-Centre or other facility that accepts such recyclable materials.”

(p) by repealing subsection 6(3)(a) and replacing it with the following:

“(a) provide written information to new residents, employees, and contractors and at least annually to all existing residents, its employees, and contractors on how to separate and deposit garbage, yard waste, food scraps, and recyclable materials into the appropriate receptacles without contamination;”

(q) by repealing subsection 6(3)(c) replacing it with the following:

“(c) designate a storage area and signage for bulky items within the property; and”

(r) by adding the following as subsection 6(3)(d):

“(d) enter into a contract with a service provider for the collection of bulky items from the property and, upon request, provide the City proof of such contract.”

- (s) by repealing subsection 7(a) and replacing it with the following:
 - “(a)
 - (i) place garbage in a garbage receptacle without contamination;
 - (ii) place recyclable materials designated by the Engineer for collection service in a recycling receptacle without contamination;
 - (iii) dispose of recyclable materials not designated by the Engineer for collection service at a facility that accepts such recyclable materials; and
 - (iv) place yard waste and food scraps in a green bin receptacle without contamination;”

- (t) by repealing subsection 7(d) and replacing it with the following:
 - “(d) provide written information to new tenants, employees and contractors and at least annually to all existing tenants, employees and contractors on how to separate and deposit garbage, yard waste, food scraps, and recyclable materials into the appropriate receptacles without contamination; and”

- (u) by adding the following as subsection 7(e):
 - “(e) replace any lost or stolen receptacles supplied by the City at the owner or occupant’s expense.”

- (v) by repealing Section 8 and replacing it with the following:
 - “8. **LITTER MANAGEMENT**
 - (1) No person shall deposit or cause to be deposited any waste, garbage, yard waste, food scraps or recyclable materials in

receptacles other than those provided by the City or private contractor for the property from which the waste, garbage, yard waste, food scraps or recyclable materials originated.

- (2) No person shall deposit or cause to be deposited any waste, garbage, or material on any street, sidewalk, boulevard, park or other lands owned by the City or other public property or upon private property whether owned by that person or not except in a receptacle or facility designed and intended for such waste, garbage, or material.”

(w) by adding the following as Section 8A:

“8A. **DESIGNATED BEAR AREAS**

- (1) For the purposes of this Section 8A:
 - (a) “bear area” means a geographic area frequented by bears, as designated by the Engineer;
 - (b) “bear-resistant receptacle” means a receptacle with material and construction of a sufficient strength and design, including a latch or other device for securing the lid for the receptacle, so as to reasonably prevent access by bears into the contents of the receptacle; and
 - (c) “bear-resistant enclosure” means a fully enclosed structure of sufficient strength and design so as to prevent access by bears, including a garage, shed, fenced structure or otherwise approved by the Engineer.
- (2) The Engineer may, from time to time, designate one or more geographic areas within the City as a bear area and subsections (3) to (6) apply to such bear area or bear areas, in addition to all other provisions of this Bylaw. Where there is a conflict between a requirement of this Section 8A and a requirement in the remainder of

this Bylaw, the requirement in this Section 8A prevails to the extent of the conflict.

- (3) For single family and two family properties located in a bear area, the owner or occupant of the dwelling shall place the garbage receptacle, green bin receptacle and recycling receptacles at the collection point near the boundary of the property so that the receptacles do not impede pedestrian or vehicle traffic, and with at least one (1) meter clear space on all sides of each receptacle and three (3) meters clear space above each receptacle, no earlier than 5:30 a.m. and no later than 7:00 a.m. on the collection day.
- (4) For multi-family properties located in a bear area, the owner or occupant shall :
 - (a) store all garbage, yard waste, food scraps and recyclable materials in bear-resistant receptacles or store garbage receptacles, green bin receptacles and recycling receptacles in a bear-resistant enclosure on the property; and
 - (b) on collection day, place receptacles at a collection point approved or directed by the Engineer no earlier than 5:30 a.m. and no later than 7:00 a.m.
- (5) For industrial properties, commercial properties and institutional properties in a bear area, the owner or occupant shall store all garbage, yard waste, food scraps and recyclable materials in bear-resistant receptacles or store garbage receptacles, green bin receptacles and recycling receptacles in a bear-resistant enclosure on the property.
- (6) Every owner or occupant of a property shall place and keep the latch or other security device on a bear-resistant receptacle in the unlocked position on collection day.”

(x) by adding the following at the end of subsection 9(4):

“Where the Engineer has approved an additional garbage receptacle pursuant to section 5(2A) of this Bylaw, the additional garbage receptacle shall be provided free of charge to the owner or occupant.”
