Bylaw 1953**

The Council of the City of Burnaby ENACTS as follows:

1. This Bylaw may be cited as **BURNABY WATERWORKS REGULATION BYLAW 1953, AMENDMENT BYLAW NO. 4, 2019.**
2. Burnaby Waterworks Regulation Bylaw 1953, as amended, is further amended:
 - (a) by repealing section 26 in its entirety and replacing it with the following:

“26. If a water service is disconnected upon request by an owner in accordance with section 25 of this bylaw or a demolition permit has been issued for a property, the annual flat rate service fee for the property will not be adjusted for a period of 28 days following receipt of the disconnection request or notice of issuance of a demolition permit. Where a Building Permit is issued for the property during such 28-day period, the Collector will not adjust the annual flat rate service fee for the property. Where a Building Permit has not been issued for the property during such 28-day period, the Collector will prorate the annual flat rate service fee for the property from the date of the disconnection or issuance of the demolition permit, as applicable. Notwithstanding the foregoing, the Collector will prorate the annual flat rate service fee for the property during such 28-day period where there is a change in dwelling type for the property or where the service is being changed from a flat rate water service to a metered service. Where a proration pursuant to this section 26 results in a credit to the consumer, the Collector will add the amount as a credit to the consumer’s utility account.”
 - (b) by repealing Schedule “A” in its entirety and replacing it with the attached Schedule “A” attached to and forming part of this bylaw.
