The lowest tenderer, Eurovia British Columbia Inc., has recently been awarded a contract for the City. They recently underwent an amalgamation of the Eurovia Canada Inc.'s sister companies of Imperial Paving Limited with BA Blacktop, both of which have completed a number of projects to the satisfaction of the City. Furthermore, Martens Asphalt Ltd. has rebranded under the name Eurovia British Columbia Inc. and has also completed similar projects to the satisfaction of the City. Our consultant's review indicates the contractor has the equipment and personnel capability to successfully complete the work required under this contract. The Director Engineering concurs with the above recommendation.
