Burnaby Planning Documents

Dear Mr. Mayor and Councillors:

It is with great pride that I provide a copy of the Board of Education 2019-2024 Strategic Plan as well as a copy of the recently approved Project Definition Report: Before and After School Childcare.*

Last January the Board of Education engaged in the process to develop a comprehensive Strategic Plan that would guide the organization during our current term in office. Through a consultative engagement process with system leaders, we created a document that will serve Burnaby's students and families well.

Included in the Strategic Plan is an objective to increase the number of licensed childcare spaces on school district property. If funding is provided to support the childcare plan, during the course of our term in office, we would increase the number of childcare spaces on school district property by 773 spaces.

We share this information with an invitation to join the school district in implementing both the strategic plan and the childcare strategy. It would be our pleasure to discuss these transformational documents with you at your convenience.

Yours truly,

A handwritten signature in black ink, appearing to read "Gary Wong", with a long horizontal flourish extending to the right.

Gary Wong, Chair
Board of Education
