Upon approval of this funding request by Council, these expenditures will be included in the 2020 – 2024 Financial Plan (Planning Section). In order to proceed with the demolition of City owned vacant properties located at 6857 and 6875 Royal Oak Avenue for the purpose of a rezoning application to facilitate the development of non-market housing, funding approval is requested for the project listed below. This report is to seek Council approval of funding allocation in advance of council adoption of the 2020 - 2024 financial plan.

## Non Market Housing Sites – BAX.0026

The subject properties located at 6857 Royal Oak Avenue and 6875 Royal Oak Avenue (as *attached*) were acquired in 2000. They are industrial warehouses including ancillary offices. Since their acquisitions, the subject buildings have been in the City's commercial portfolio and are currently the subject of Rezoning Reference #19-54, from the M4 Special Industrial District to CD Comprehensive Development District (based on C9, C9r Urban Village District, RM3, RM3r Multiple Family Residential District and Royal Oak Community Plan as guidelines). The purpose of the rezoning application is to facilitate the development of non-market housing and grade level commercial uses.

The buildings are presently vacant and have been subjected to break-in and vandalism activities causing on-going safety concerns. A recent inspection has determined that extensive upgrades would be required to bring the buildings to current leasing standards and would not be prudent with the pending rezoning applications. A financial analysis also concluded that it is not economical to upgrade for leasing purposes. The Public Safety and Community Services and Planning Departments concur that the condition of the buildings warrants their demolition.

The Demolition cost is estimated to be \$325,000. These expenditures will be included in the 2020 – 2024 Annual Financial Plan and sufficient Community Benefit - Affordable Housing Reserves are available to finance the capital project outlined in this report. Council approval is being sought for the use of Housing Funds from the Community Benefit Reserves.
