REPORT

Four tenders ranging from \$1,481,873.40 to \$1,737,750.00 were received by the closing time on 2020 March 10. The scope of this project includes the construction of approximately 1,300 square metres of concrete sidewalks, 450 linear metres of curbs and gutters, and rehabilitation of approximately 2.7 kilometres of local roadways including 18,000 square metres of milling and overlaying and 5,000 square metres of full depth road reconstruction.

The lowest tenderer, Mainland Construction Materials doing business as Winvan Paving, has completed previous projects under contract to the satisfaction of the City. Review by City staff and our consultant indicates the contractor has the necessary equipment and personnel to successfully complete the work required under this contract. The Director Engineering concurs with the above recommendation.

Funding for this capital work is included in the 2020 – 2024 Provisional Financial Plan under WBS element EMC.3147 (\$1,411,400).
