Dear officer,

We are residents in _____ We are writing to urge that the government should revise its guidelines regarding the location of a new cannabis store. No cannabis store should be opened within 500 meters distance from schools, libraries, community centers and playgrounds!

City of Burnaby has recently issued two Zoning Bylaws to allow two government permit cannabis stores opened at #1-4429 Kingsway (Burnaby Old Orchard Shopping Center) and #7360 Kingsway. Both of these two communities are friendly and safe communities with elementary schools, libraries, densely inhabited buildings, playgrounds and community centers blocks away from walking distance. The proposed locations of two Cannabis stores are near all these public facilities. Thus, the negative impacts on the local residents, especially to the children and seniors, cannot be ignored.

1. Researches have shown the use of cannabis will increase the likelihood of impaired driving (Reference 1).
2. The adjacent areas of cannabis store saw about 84 more property crimes per year than neighborhoods without a nearby cannabis store, which will result in harassments to senior and children (Reference 2).
3. The secondhand Cannabis smoke is harmful to kids, seniors as well as pregnant women (Reference 3).

We are very concerned of the negative impacts that these two Cannabis Stores will bring to our community. As parents, the last thing we want to see is to put my children in danger on our way to the school, library, community center, and parks. We strongly oppose the opening of two Cannabis store at #1-4429 Kingsway Burnaby Old Orchard Shopping Center and #7360 Kingsway.

Again we urge the government to set up a clear guideline on the location of a new cannabis store. No cannabis store should be opened within 500 meters from schools, libraries, community centers and playgrounds!!!!

Thank you very much for your time!

Dear Officer,

My name is Anne Lee, a resident of Burnaby. My address is 4155 Sardis St . I'm writing to express my objection to the "Burnaby Zoning Bylaw 1965, Amendment Bylaw No. 26, 2020 - Bylaw No. 14199". I strongly oppose to the opening of a government permit cannabis store at #1-4429 Kingsway(Burnaby Old Orchard Shopping Center).

I and my family have lived in this Metrotown neighborhood for many years. This community is a friendly and safe community with two elementary schools (Chaffey-Burke Elementary and Marlborough Elementary), library, densely inhabited buildings, playgrounds, parks, community center blocks away from each others. Many families with young children, teenagers and seniors live here. The proposed location of the Cannabis store is near all these public facilities. Thus, its negative impact on the local residents, especially to the children and seniors, cannot be ignored. Researches have shown the use of cannabis will increase the likelihood of impaired driving (Reference 1), and adjacent areas of cannabis store saw about 84 more property crimes per year than neighborhoods without a nearby cannabis store (Reference 2). We are very concerned of the negative impacts that this Cannabis Store will bring to our community. As parents, the last thing we want to see is to put my children in danger on our way to the schools, community library, community center, and parks. I sincerely appreciate my children and other residents can feel secure and safe while we're enjoying daily life in our community, therefore I am strongly opposed to the opening of a Cannabis store at #1-4429 Kingsway Burnaby Old Orchard Shopping Center in our neighborhood!

Thank you very much for your consideration.

Hello,

My name is Hong Zhang, I am living at 7275 Salisbury Ave, Burnaby BC. I strongly oppose to open a cannabis store at 7360 Kingsway (re-zoning application No. 19-17) and #1-4429 Kingsway (re-zoning application No. 19-16).

The proposed two locations of the Cannabis store are near many public facilities such as school, library, community centre, playground.... Thus, its negative impact on the local residents, especially to the children and seniors, cannot be ignored. Researches have shown the use of cannabis will increase the likelihood of impaired driving and adjacent areas of cannabis store saw about 84 more property crimes per year than neighborhoods without a nearby cannabis store. We are very concerned of the negative impacts that these Cannabis Stores will bring to our community. Therefore I strongly oppose to the opening of a Cannabis store at 7360 Kingsway & #1-4429 Kingsway Burnaby in our neighborhood!

Thank you very much for your consideration!

To Whom It May Concern,

This is Tracy, residence of 5287 Barker Ave. this email is regarding to the public hearing about cannabis store at old orchard shopping Centre.

I seriously against this decision with the following reasons:

- 1.Cannabis Store could effect serious security safety around this neighborhood. I would feel sincerely concerned about all humans safety, especially children.
- 2.Cannabis Store could also effect the real estate price, and could sincerely effect people would like to sell their property at a good price.
- 3.This area is very central Burnaby, lots of people including children, seniors, teenagers are passing around. I could not imagine what will it be like with a cannabis store open
- 4.Nowdays, I can tell the security safety is already gone worse within these years. Rubbers, breaking in, breaking cars and car windows and etc. what will it be like if a cannabis store there, and bunch of strangers, gangsters and etc to ruin this community.

Please consider our safety and our concerns. I'm very disappointed to the city and to the government about open this cannabis store.

Sincere,
Tracy Wu

The city of Burnaby should help ensure that the general standard of health, safety, and cleanliness are maintained for the benefit of everyone.

I think the location of the proposed Pot Shop is not optimal and controversial.

The latest Burnaby crime heat map indicates that the worst spot in Burnaby for crimes continues to be Kingsway in the Metrotown area, roughly from Patterson to Royal Oak.

I am concerned about the City's limited policing resource to handle the degradation of safety in these two neighborhoods.

Also, 10 days' time for neighbors within 30 meters to respond is inadequate.

My suggestions are:

- 1) Establish some kind of mechanism to continue to consider public input after today.
- 1) Consider choosing other locations in which neighbors show signs of welcome to these stores.
- 2) Increase policing resources to the final location of these stores.

To whom it may concern,

Dear Sirs,

We noticed that the City of Burnaby is going to have a public hearing to receive representations in connection with the proposed amendments to "Burnaby Zoning Bylaw 1965". After looking into the detailed information provided, we strongly oppose the idea to set these recreational Cannabis stores in our communities as this will affect the whole environment, not to mention that there are libraries nearby! The influences will be devastating to our education and environment and especially to our younger generation!

Please reconsider it.

Hi Public Servants,

I'm writing for opposing the cannabis shops in Old Orchard Shopping Center and Kings Crossing on Kingsway, BBY. The city of Burnaby has recently issued two Zoning Bylaws to allow two government permit cannabis stores opened at #1-4429 Kingsway (Burnaby

Old Orchard Shopping Center) and #7360 Kingsway (Kingscrossing). The issue turns a C3 zoning into a C3i one. None of us are licensed builders who had been professionally trained with the expertise to be aware of knowing the differences between the C3 and C3i zoning. More importantly, we had NOT been informed by anyone about the Official City Plan

until recently. We had NO idea about the change before purchasing the property of KC1 we are talking about.

No cannabis shop should be opened within 500 meters from schools, parks, playgrounds and community centre, in order to avoid and/or limit:

A) The negative influences for children;

B) The possibilities of harassments to senior and children;

C) Researches have shown the use of cannabis will increase the likelihood of impaired driving;

E) The adjacent areas of the cannabis store saw about 84 more property crimes per year than neighborhoods without a nearby cannabis store, which will result in harassments to senior and children;

D) The second-hand Cannabis smoke is harmful to kids, seniors as well as pregnant women (Air Population);

E) Harmful effects of smoking cannabis: A cerebrovascular and neurological perspective;

F) The conflict of high profile upper middle-class and low-income Cannabis subscribers as the EMPTY PROMISES and initial intentions of the Builder and City.

G) Cannabis was supposed to be a tax windfall for states. The reality has been different. / Cannabis tax windfall won't solve provincial money problems —

here's why

N.B. Cannabis Shop: Stay Away From Schools, Parks, Playgrounds and Community Centre!!!

Thank you very much for your time and serious considerations. (TYIA).

Yours,

Mike LIU

To whom it may concern,

I am writing this email on behalf of my husband and myself:

Limian Chen, 4052 Burke St, Burnaby, BC V5H1A8
Rufen Rao, 4052 Burke St, Burnaby, BC V5H1A8

I am writing to express my objection to the "Burnaby Zoning Bylaw 1965, Amendment Bylaw No. 25, 2020 - Bylaw No. 14198". I strongly oppose to the opening of a government permit cannabis store at 7360 Kingsway and Old Orchard Shopping Centre.

My family has been living in Burnaby for over 16 years. I remember when my daughters were little, I always felt safe letting them go out alone. Opening a cannabis store in the area will totally change the community, in a very negative manner. I want other children to grow up in a safe and healthy environment - like my daughters did. I hope that is not too much to ask for.

On the other hand, my husband and I will be turning 60 in two years. As seniors, we are very sensitive to the smell of cannabis and very concerned about the potential exposure to secondhand marijuana smoke. While I believe that a government permit cannabis store will be properly regulated, weed buyers will not necessarily follow all the rules. Once they walk out of the store, they can smoke anywhere, and Burnaby residents will be the victims of secondhand marijuana smoke.

In summary, my husband and I are strongly opposed to the opening of Cannabis stores in Burnaby. We understand that cannabis is now legal in Canada, but Burnaby does NOT need a cannabis store. Other cities in Greater Vancouver are not having one, so why do we deserve one?

Thank you,
Limian Chen

Good Morning,

For our items on today's Public Hearing we ask that the attached be distributed to council, added to the report and the FAQ page read by staff in the introduction to the application.

We feel that this will help allay some of the concerns put forward by members of the public in the letters attached to the report.

Can you confirm that this is possible?

Thanks,

Ryan McKeown

Senior Business Analyst, Corporate Services (Contractor).

FAQ – BC Cannabis Stores in your community

Q. How does BC Cannabis Stores keep cannabis away from youth?

- A. Keeping cannabis away from youth is BC Cannabis Stores' top priority. We have developed comprehensive social responsibility material to educate customers on the importance of ensuring young people do not have access to cannabis.

Q. What procedures does BCCS put in place to ensure youth cannot enter a store?

- A. Our cannabis stores differ from liquor stores in that children and young people are not permitted to enter a BC Cannabis Store at any time, even if accompanied by a parent or guardian. Our strict two-ID check policy for people who look under 30 ensures only those over the age of 19 are able to enter the store.

Q. I live close to a proposed BC Cannabis Store and don't want my children to be exposed to cannabis product. What will you do to ensure my children can't see the cannabis products in your stores?

- A. Our stores are designed to ensure passers-by cannot see inside the store. Frosted windows prevent minors from being able to see product offerings inside, while our one-way vestibule ensures passers-by cannot see inside the store from the street, even when the entrance door is being used by a customer.

Q. What procedures does BCCS put in place to ensure the physical security of the store?

- A. All BC Cannabis Stores have durable and reliable commercial grade doors and locks, and security shutters and smash-resistant windows. Inside the store, cannabis stock is securely stored in a vault, accessible only by staff with authorized security access passes.

Q. How will you keep people from smoking cannabis at the store?

- A. It is the responsibility of local governments and law enforcement to set and enforce by-laws governing the consumption of cannabis and other controlled substances in public spaces. The consumption of cannabis on BC Cannabis Stores' property is strictly prohibited, and staff are trained to take the appropriate steps to notify customers and escalate an issue to law enforcement officials if required.

Q. I'm worried the presence of a cannabis store will increase crime in my neighbourhood. What will BCCS do to mitigate crime in my area?

- A. The legalization of non-medical cannabis is designed to eliminate illegal activity, and ensure British Columbians have access to safe, regulated non-medical cannabis product.

Q. What happens to left-over cannabis product?

- A. BC Cannabis Stores maintains a strict disposal policy, which ensures waste is never accessible to those it shouldn't be. All waste is securely transported to an off-site disposal facility, and is destroyed appropriately.

Q. Will I be able to smell the cannabis product from outside of the store?

A. High grade filtration systems are installed on air intake and ventilation systems within all BC Cannabis Stores to prevent odor both inside and outside of the store.

Q. Government cannabis stores have an advantage over private retailers.

A. Government-run non-medical cannabis stores pay the same 15% wholesale mark-up as private retailers. All cannabis retailers, including public stores, purchase cannabis at a common wholesale price. Retailers are responsible for determining the retail mark-up of their product assortment, provided the final retail price is not lower than the wholesale price.

Q. Can a government cannabis store open anywhere?

A. Government-run cannabis stores undergo the same municipal approval process as all private retailers, and must adhere to the specific by-laws and zoning requirements set by each municipality.

BC CANNABIS STORES

WHY BUY HERE?

BC Cannabis Stores are the only legal source of cannabis in British Columbia. We offer a wide variety of products, including dried cannabis, oils, edibles, and topicals. Our products are tested for purity and potency, and we provide detailed information on each product's THC and CBD content. We also offer a range of services, including consultations with our knowledgeable staff and secure delivery options.

PLANT ANATOMY

Flower: The part of the plant that produces the highest concentration of cannabinoids. It is the most sought-after part of the plant.

Leaf: The part of the plant that is used for most cannabis products. It contains a lower concentration of cannabinoids than the flower.

Stem: The central part of the plant that supports the leaves and flowers. It contains a very low concentration of cannabinoids.

Roots: The part of the plant that anchors it to the ground and absorbs water and nutrients. It contains no cannabinoids.

We also offer a range of services, including consultations with our knowledgeable staff and secure delivery options.

PLANT TYPES

Indica: Known for its short stature and dense, resinous buds. It is often associated with sedative effects.

Sativa: Known for its tall, thin structure and light, airy buds. It is often associated with energizing effects.

Hybrid: A cross between indica and sativa strains, offering a balance of effects.

Safety and security is our top priority.

Customer, employee and community safety is paramount.

- Superior intruder and fire monitoring systems maximize response time and minimize losses.
- Interior and exterior camera surveillance used to deter theft.
- Locking valuable accessories in tempered glass display cases prevents shoplifting and creates an added barrier for burglars.
- A secure storage room keeps regulated product out of sight from minors and out of reach from shoplifters.
- Durable and reliable commercial-grade doors and locks secure our store premises.
- Smash-resistant windows obstruct vandalism and break-ins.
- Attractive and visible on-premise signage of security measures deter would-be thieves and criminals.

A reputable place to work.

We take pride in being named one of BC's
Top Employers time and time again.

- Mandatory Enhanced Security Screening is completed for all employees.
- Comprehensive product knowledge and customer service training are integral to the product consultant onboarding experience.
- As with liquor, we mandate a Serving It Right equivalent certification for all product consultants.

Dear Mayor and councillors,

The Edmonds and Metrotown areas are growing communities, and there are many young children, teenagers and seniors living here. There are community centers, parks, schools, libraries, shopping centres around. If cannabis stores are open in these areas, there is negative impact on local residents. Researches have shown the use of cannabis will increase the likelihood of impaired driving and adjacent areas of cannabis stores saw about more property crimes per year than neighbourhoods without a nearby cannabis store. As a resident living closeby Edmonds and Metrotown area, I appreciate children and other residents can feel secure and safe while we are enjoying daily life in our community, therefore I am opposed to the opening of legal cannabis stores at the center and heart of Edmonds and Metrotown community.

Yours sincerely
Susanna Chun Wah Ma (4645 Charlotte Court, Burnaby, V5G 3V1)

Dear Sir/Madam,
My name is Carrie Ka Lai LAM. I am living in my own property at 6362 Curtis Street, Burnaby. I would like to give my opposition to the proposal in setting up a cannabis store in Burnaby (Any address).
Thank you for listening to our opinion.
Best regards,
Carrie Lam

Hello,

If for the 1st time, Bby is going to open its government regulated cannabis stores, I would say I agree(just because for people claiming they need it for medical use, other than the reason, is the stinky smoking smell and debris). But to open 2 closely stores at once is not likeable. I would prefer to spread the stores, for example, one in south Bby and one in north Bby. With the current private stores, people who really need cannabis should have no problem getting it.

Also, I would like to suggest:

- Since cannabis is legalized in Canada, why not let pharmacies to sell to people who need for medical use? This way can control the price and purity.
- among the cannabis customers, probably more people buy it for relaxation, but with more these stores in a small area, the environment would likely have the strong smell. Kids may say the stores are where the stinky smokers buy from, every time when they walk pass the stores. Why not permit some cannabis stores(away from residential area)? So, less smell in the air and debris on ground.
- why not one store to open in north Bby? So people there don't need to drive all the way to south.
- currently the government has only 1 store in port Coq/Mission/Chilliwack/new west/oliver, none in Van/Rmd/Sry/west and north Van, so Bby doesn't need to be the first runner up with 2 stores, especially they are a short distance in between. I'm not really proud of it.

Thanks for reading my suggestions, hoping a considerable decision can be made!
