Attention: Mayor and councillors.

Hello Mayor and Councillors,

Action on Smoking and Health is one of Canada's leading tobacco control organizations and has been providing local, provincial, national, and global leadership on tobacco control since 1979, offering supports to build public awareness/education, strengthen community mobilization, and offer applied research and public policy development.

It has come to the attention of ASH that the City of Burnaby is considering the adoption of a smoke-free bylaw in efforts to better protect citizens from the hazards associated with hookah, vape, and tobacco smoke and to support health and wellness within your jurisdiction. Action on Smoking & Health (ASH) would like to request an opportunity to present as a delegation to Council in regards to your smoke-free bylaw prior to its final reading in our effort to promote evidence-based information on the matter at hand.

Thank you in advance for your consideration. Have a great day.

Kindest regards,

Marilyn Bergstra BSc., MPH
