Dear Mr. Mayor and Council Members,

A couple of years ago the neighbors from the Greentree Village asked Burnaby City Council to consider their support for the Community Garden at Greentree Village Park, 4540 Wayburne Drive (LTO PID 006-890-199). The request was denied.

Although this lot is zoned as a park use, it is rarely used and we believe that in the changing environment, now more than ever before, the local food will gain its importance environmentally, security wise and also economically. The partial or complete use of this park as a community garden would benefit many residents of Greentree Village but also Metrotown and other parts of Burnaby.

Please advise what would be the best way to initiate the process for setup of a new Community Garden in the Greentree Village Park.

Best Regards,

Jugoslav Bajkin
