At the 2021 February Executive meeting, the Executive decided to refer the resolution back to Burnaby, with a recommendation to re-submit it for 2021.

The Benefits of Public Car Insurance resolution is as follows:

WHEREAS public car insurance creates local jobs and significant investments in municipalities through road safety and improvement, grants-in-lieu, and community grants while providing greater control to municipalities to plan for risks and costs;

AND WHEREAS jurisdictions with only private insurance options have experienced significant rate hikes year after year while accident benefits dramatically decline;

THEREFORE BE IT RESOLVED that UBCM request the Provincial Government to preserve public car insurance, including jobs and local investments, in British Columbia.
