RECOMMENDATION:

- 1. **THAT** Council approve a contract award to Double M Excavating for an estimated total cost of \$1,076,357.06 including GST in the amount of \$51,255.10 as outlined in this report. Final payment will be based on the actual quantity of goods and services delivered and unit prices as tendered.

REPORT

Four tenders ranging from \$1,076,357.06 to \$1,638,943.28 were received by the closing time on 2021 April 15. The scope of this project includes the replacement of four (4) storm outfalls at Guichon Creek and one (1) culvert at Stoney Creek including new headwalls. The scope also includes the rehabilitation of one (1) culvert at Kask’s Camp Creek with a cured-in-place liner and a new inlet headwall.

The lowest tenderer, Double M Excavating, has completed previous projects under contract to the satisfaction of the City. Review by City staff and our consultant indicates the contractor has the necessary equipment and personnel to successfully complete the work required under this contract. The Director Engineering concurs with the above recommendation.

Funding for this capital work is included in the 2021 – 2025 Provisional Financial Plan under WBS element ELA.3183 (\$1,025,200).
