City Clerk,

I am a resident of Greentree Village and was shocked to hear with a weeks notice of a zoning amendment to BCIT that would radically affect my community. The shopping list of uses for this site in the amendment is railroading through a project that is completely inappropriate for this area! THE NOISE AND TRAFFIC WOULD BE INTOLERABLE. BCIT has not consulted with the community. I have lived here for 20 years and have not been made aware of any consultation and I am a very active member of the Greentree community.

This crazy amendment needs to be halted now and you must have ongoing consultations with the Greentree Village community.

John Pringle

Hi,

I support the redevelopment but with the following two suggestions:

1. Implement light rail transit along Willington Ave between MetroTown and Brentwood Town center to improve access to BCIT.
2. Transpose the vast BCIT parking lots to more efficient land use such as technological and trades competency centers, parks or improved recreational centers.

Best regards
