Hello,

we are the owner of 611-7388 kingsway, Burnaby, we received the notice of public hearing from: CD comprehensive Development, we don't permit the installation of skysigns on the northwest and south elevations of an office building.

Thank you for your consideration.

Best wishes,

HUANG LI LI

To City Council,

I'm writing to express my concerns on the rezoning of 7300 Edmonds Street (office building portion of 7364 Edmonds Street) to allow for the installation of an exterior sky sign.

If the amendment is allowed, the placement of the sky sign will be facing or on the same level of several units in the Kings Crossing apartment building. This sign will disrupt residents' right for quiet enjoyment as it would be a big source of light pollution. There is a big possibility that the sign will be made of neon lights which will spill into the apartment homes of many residents. The light could very well interfere with a resident's sleep and disrupt the apartment aesthetics. The sign will also obstruct the view as well as degrade the scenery of the area.

Thank you for your time and consideration.

Regards,

Paul Feng

Dear Sir/ Madam,

I am writing to against the notion of installing a skysigns on the northwest and south elevations of the office building located at 7300 Edmonds street. I worry the skysigns will create light pollution and affect the residents living above/ across the office. Since this area is not a commercial area, I don't think it is suitable to put up a skysigns (for commercial use) .

Thanks,

Yin Ting

Resident of 7388 Kingsway

Good afternoon,

I am against Bylaw No. 14322. I want to keep the building clean of any big neon signs.

Hello,

I am writing in opposition to the installation of sky signs on the kinds crossings building. The current commercial signage is more than acceptable for the business there. The residential area does not need large G&F Financial signs obstructing views and making more light.

Thank you,

Graeme Towill
Resident of Kings Cross
