Hi Margie. Thank you for touching base. Indeed it has been unique close to an unimaginable school year!

Yes – Roberto Bombelli, Assistant Superintendent, and I will attend the meeting. We will put together a PowerPoint. Can you let me know when we would have to send that to you?

And we will likely attend via Zoom if that works for you.

Take care and chat soon...

**Subject:** School District's Anti-Racism, Inclusion and Equity project

Hi Gina,

It was so nice to hear your voice on my voicemail today. I'm sorry that I missed your call. Thank you for connecting about our upcoming Social Planning Committee. We are looking for more of the second type of presentation you described (i.e., not a workshop).

The City is exploring how to do some of its own work on anti-racism and inclusion and we would really appreciate learning about the School District's journey on anti-racism, e.g. what prompted the project in the first place, what steps has the project involved, how is the project resourced, how has the District engaged with the community, and any lessons learned/advice for the City as it starts this work.

I hope this brief description helps. The presentation at the Social Planning Committee would be 10 minutes long with some Q & A afterwards.

I would be happy to discuss more by phone if you would like. If so, please let me know some times that will work for you and I will call.

Thanks again Gina

Margie
