Hello City of Burnaby Parks and Recreation,

My name is Piao Han, and I am writing this email to propose a washroom installation at Maywood Park. I understand Maywood Park is designed for nearby residents in Maywood, so a washroom is not usually provided as most residents live nearby. However, more and more people are going to this park from other neighborhoods, and going home to use the washroom is not an option for those people.

We want to ask the City of Burnaby Parks and Recreation to install washroom facilities at Maywood Park. We understand the city's limited budget, and we, the residents of the Maywood neighborhood, have created a petition in the hope of one day have washroom facilities at Maywood Park. Please see the attached petition signed by 100 residents. I look forward to hearing from you soon!

Thanks,  
Piao

**Note:**

Staff have contacted the writer and advised that, while smaller neighbourhood parks do not usually have washrooms, due to their close proximity to visitors homes, and time spent at the park based on amenities offered, an accessible port-a-potty will be installed at Maywood park. A petition (containing 100 signatures) for a washroom installation at Maywood Park is on file at the Parks Administration Office.
