Would you please consider extending some financial compensation like equivalent to 3 months' rent to **existing tenants:**

1. who moved into the building after October 19, 2019 (or after the submission of the rezoning application to the City);
2. who were not advised of the rezoning application at the time of the move-in; and
3. who have stayed in the building for over a year now.

Like other tenants who are eligible under TRP, they are also adversely affected by the rezoning, and for sure will face similar difficulties in relocating.

Thanks so much,
