Subject

The Burnaby Disc Golf Club board of directors would like to appear as a delegation in front of the Parks, Recreation and Culture Commission at the November 9 meeting.

The club would like to share ideas about the need for a new disc golf course in the City of Burnaby, as the popularity of the sport and the number of players is growing at a fast rate. We would like to show the Commission the positive impact for the community, the low environmental impact and some comparable in other cities in the province. We will propose feasible options that would be low cost for the city. We have a presentation that is ready to go.

Members presenting will be:

Pierre Dubé
