We am concern with the traffic in this area during and post construction. We already have an issue of getting out of the area. With the new high rises and construction, Willingdon and Beresford would be one of the main exit and there is already multiply car line up to get out, now we have to use the same pathway to get back into our homes. We feel there should be a traffic light between Maywood and Beresford so that we can get out. The other exits of McKay and Imperial or Sussex and Imperial are also very difficult to get out from.

What is the plans for traffic in the area over the next 5 years.

Regards,
Albert
